

**Once you receive an alert,
enter the protective space within
the designated period of time and
follow these instructions:**

Enter the protective space, choosing it in the following order of precedence: Protective Space (MAMAD), Shared Protective Space (MAMAK), Shelter (Miklat), interior stairwell or interior room, within the time per your designated protection zone, close all doors and windows and stay there for 10 minutes.

A mask should be worn at all times while with other people in a communal protective space - a shared (MAMAK) / institutional protective space, a building shelter or an interior stairwell.

Individuals in quarantine and / or confirmed Covid-19 patients being treated from home must take extra care to wear a mask for the duration of their time in a protective space, while entering and exiting the protective space, and keep their distance from other people as much as possible.

Physical contact should be avoided and objects should not be passed between individuals.

Upon exiting the protective space, wash your hands thoroughly with soap and water
